

BEST PRACTICES OF SCHOOL

JIPS Jaipur is a pioneer in the field of education since 2008. The school has enabled its students to achieve great goals through rigorous training and a standard teaching approach.

JIPS believe in teaching for understanding by making efforts in conducting activity based teaching. It is undertaken by greater use of interdisciplinary curriculum and cooperative learning, focus on understanding and application rather than simply memorization and reproduction.

Greater emphasis is on the use of technology as a tool for learning and producing. Reforms for educating all students are followed which include individualized instruction, non- graded classrooms and friendly atmosphere.

Focus on value based education to imbibe Indian ethos and culture among students.

Peer educators, remedial learning techniques, one to one teaching to academically weaker students enable them to focus on core areas.

Seminars for personality development, career options and adolescent issues create awareness among students to grow with poise and handle themselves in a responsible and graceful manner.

Following activities will be carried out for this session 2023-24

1. Back to Basic for Slow learners .
2. Developing Reading habits .
3. Out of Text- life related learning .
4. House wise activities to develop 4'C ie Communication Creativity, Curiosity and Collaboration
